Medicare Secondary Payer (MSP) Cases

The MSP tab contains information regarding accident or injury claims paid by Medicare that may result in your repayment. Please read the information below and click the 'I Accept' button to proceed to the Payment Summary page that lists your case information.

Disclaimer: The Conditional Payment Amount listed is NOT final. This is an interim amount only.

- If you have any questions regarding the information on the Payment Summary or Detail Form please contact your attorney or other representative, before contacting Medicare’s recovery contractor. Your attorney or representative may already be handling this matter for you.
- The conditional payment amount is listed is NOT final and is subject to change until a settlement is reached. The settlement is reported to Medicare’s recovery contractor who will provide a final demand letter. Please continue to check your Medicare.gov account as updates are made regularly.
- The Payment Summary or Detail Form includes services that Medicare thinks are related to your worker’s compensation, liability, or no-fault insurance claim. If you, your attorney, or other representative think that any of these claims shouldn't be included, please explain in writing and forward it to Medicare’s recovery contractor. Your attorney or other representative may also submit claim dispute information through the Medicare Secondary Payer Recovery Portal (MSPR).
- Once a settlement is reached and you, your attorney, or other representative have supplied the required settlement documentation, Medicare’s recovery contractor will calculate a final demand/recovery amount owed and will tell you and your representative. Please DO NOT send payment now as it will only delay the process.
- When your case settles, please provide Medicare’s recovery contractor with a copy of:
  - The signed and dated settlement agreement from the third-party payer showing the total amount of the settlement.
  - Your closing statement reflecting the actual amount of the attorney’s fees and costs (excluding medical bills) if any.

This may be submitted in writing or through the Medicare Secondary Payer Recovery Portal. PLEASE NOTE: Communication with Medicare’s recovery contractor is usually handled by attorneys or representatives. Please discuss MSP issues with your attorney before contacting Medicare’s recovery contractor or before using the Medicare Secondary Payer Recovery Portal.

You have no recent pending or completed orders.

**Note:** When you get a Medicare payment check, you’ll also get an MSN. If you didn’t get a check, you’ll generally get a notice every three months. In some situations, Medicare won’t send you a MSN. For example, when Medicare covers 100% of a service, like lab work, you may not get an MSN.

Privacy Act Notice

The information requested on this form is required under various provisions of title 5 U.S.C. Chapter 49, 18 CFR 205, and 110 CFR 203 and 206, for the purpose of authorizing the Department of Treasury to designate financial institutions to electronically collect payments from your account. Complete the form to pay your premiums with automatic recurring payment to your bank account. Once your Medicare Easy Pay starts, we'll deduct your premium payment directly from your bank account.

Before you sign up

Routing and account numbers

The routing number is unique to each bank. It's a 9-digit number generally found in the bottom left-hand corner of a check.

The account number is a number (4-17 digits) generally found just to the right of the routing number on a check. For savings accounts, it may be listed on bank statements.

The CMS Online Manual System is used by CMS program components, partners, contractors, and State Survey Agencies to administer CMS programs. It offers day-to-day operating instructions, policies, and procedures based on statutes and regulations, guidelines, models, and directives. In 2003, we transformed the CMS Program Manuals into a web user-friendly presentation and renamed it the CMS Online Manual System.
